The 100% ALL NATURAL PRP BIO-WELL BOOM

The 100% ALL NATURAL, PRP Bio-Well Boom is made to absorb and bio-degrade hydrocarbons in 2" and 4" Monitoring Wells.

FACT: Well Booms bind with surface oil as well as dissolved product in the water column.

FACT: Well Booms will not permit absorbed product to leech out when it is removed.

FACT: Well Booms contain Bee and Soy Wax SPHERES which feed the indigenous well microbes causing them to multiply exponentially.
